- Enterprise Studies
- Graphics
- Design Technology Innovation
- Information Science
- Digital Media
- Design Technology Workshop
- Design Technology Fashion
- Food Technology

If a subject does not run or I have a timetable clash, the following are my reserve preferences.

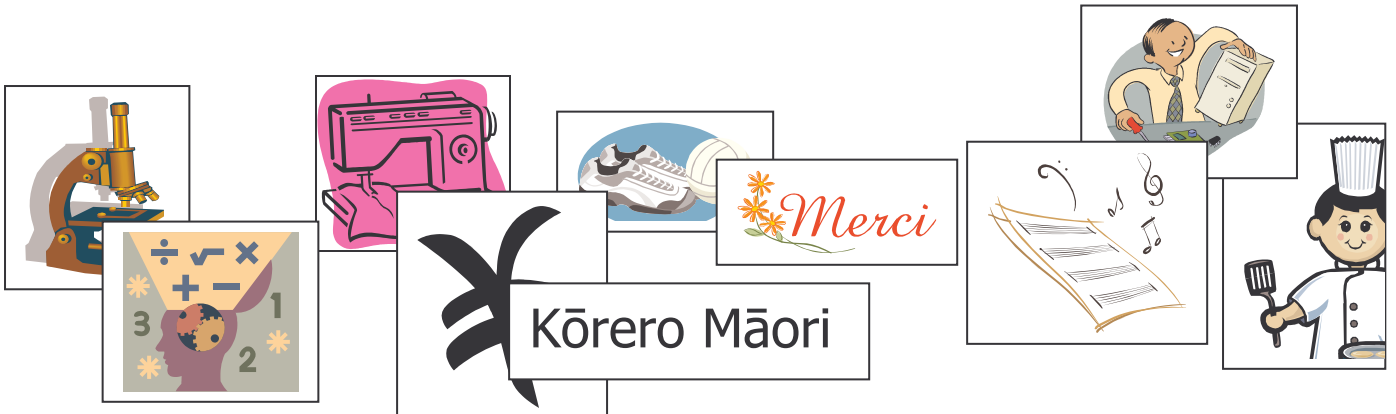

Some subjects at Year 11 require a prerequisite. Prerequisite is the level of achievement that is required before a student can enrol in a course. This means that you must successfully complete a course at Year 10 before you can enrol in it at Year 11.

Talk to your option teachers about prerequisites in their department and think carefully about what you will want to study at Year 11.

Take this form home and ask your parent/caregiver to sign it.

Parent/Caregiver's signature .....

Date .....

## Questionnaire – All Students to Complete
