- Va Cherkovskya

*I enjoy art clubs because it is a time where I can chill listen to music and draw. I also have met other people and had some laughs. I enjoy how the club is also just for the juniors because seniors still seem a bit scary, also enjoy having an time to draw life is always busy so I never find myself drawing and art club is a great place to let my creative side out. I enjoy having art club on and Tuesday lunchtime is one of my favourite lunchtimes.*
