

**Te Kura Tuarua  
o Taraika ki Pukeahu  
Yr 11 2024**

# Changes to the qualification

## Year 11 course in 2024 will:

- Provide experience of NCEA by each course assessing 1 standard
- Provide broad foundational knowledge and the skills needed to prepare for specialisation at NCEA levels 2 and 3
- **Not** provide enough credits to gain the NCEA Level 1 qualification

# Rationale

- Shifting the focus to learning as opposed to assessment
- Longer learning time (last day for Y11 will be 29 November)
- Opportunity to explore more inclusive forms of assessment
- Protecting the wellbeing of students by reducing the unnecessary burden of 3 yrs of NCEA national assessment
- Provide greater flexibility for courses
- Build foundational knowledge to enable success at year 12 and 13
- From 2024 all old L1 assessments will have expired and using the new assessments will be mandatory

# Assessments

- Will be a mix of class tests, assignments, etc and ONE NCEA assessment (using NAME).
- Some of the NCEA assessments will be internally assessed, some will be externally assessed.
- Some students will need to sit literacy and numeracy exams if they have not gained the co-requisite in year 10
- NCEA exams will run from 5 Nov - 29 Nov. Students will continue to have normal lessons during this period and sit exams if / when they occur (depending on what courses they choose)

# Year 11 Course of study

## Year 11 must study:

- English and / or Te Reo Māori
- Mathematics or Numeracy
