

WELLINGTON SECONDARY SCHOOLS LEAGUE

2020

INFORMATION FOR STUDENTS

College Sport Wellington, in collaboration with Victory Up and Riot Games, are proud to bring you the Wellington Secondary School League (WSSL) - the very first Esports Secondary School League in the region, launching with League of Legends.

What is WSSL?

The Wellington Secondary School League is the very first Esports league to be held in our region. You will need access to a computer either at school or home to compete.

How do I sign up?

Sign up is completed through your school just like any other sport, Check with your Sport Coordinator. Once registered you'll be able to compete as a player and represent your school in their Esports team!

What is League of Legends?

League of Legends is a co-op team game where five players work together to capture objectives and outsmart an opposing team trying to do the same. The best place to start is on the [League of Legends](#) website.

Do I need to know how to play?

No, League of Legends is fairly easy to pick up. It is a team based game, that required you to play your part just like any other sport.

Don't be afraid to have a go!

"It's important to think of Esports as a way of connecting with students you wouldn't normally see in the sports department or gym, and not as something that is going to take over our more traditional sports. Esports is already happening in our schools, it is up to us to use it in a way that can engage a wider group of students in sport and physical activity"

Chris Campbell, Sports Activator, Upper Hutt College
